

Solarize Andover invites K-12 students to Doodle for Andover!

Design a banner with the theme “My Friend, the Sun” for the Solarize Andover website. See the current banner for an example. We will proudly display selected designs on the Solarize Andover website.

Please create your Doodle on a letter-sized white background, in landscape orientation. You can draw it on a computer; or, if you prefer, create it by hand using materials such as paint, pencil, pen, crayon, marker, pastel, charcoal, Cray-Pas, or even paper collage. Please scan handmade art work to create a digital image.

Submit your Doodle by emailing your digital image to SolarizeAndover@gmail.com. The subject heading should contain the word “Doodle4Andover” and the name of the artist and age. We reserve the right to alter or crop the drawings for use on our website. We will acknowledge the artist.

Doodle for Andover is based on a similar idea sponsored by Google, known as Doodle 4 Google.

Cheers!

Doodles on this page have been drawn by 7 year old girl named Malayzia Hernandez. She lives in Lowell and wants to learn violin!
